GAIN there is placed before you a volume of the Zenith. It is a record of the events and happenings, of the progress made at C. F. H. S. during the school year of nineteen twenty-six and twenty-seven. We have tried through this book to help you to live again those happy hours which only old Chagrin can furnish.

May you find within these covers the reflection of your hopes and desires, of your ambitions established during your stay at C. F. H. S.

May it form a strong link which will bind the graduating students more closely to the school which they honored and defended—old Chagrin Hi.

Supt. H. E. Michael.

My Message to the Class of 1927:

IME has permitted me to know you for only your last school year, so that I am not aware of all your abilities and possibilities; yet by the same circumstance your first attempts, mistakes and blunders as freshmen are entirely unknown to me.

After the first month of our acquaintance had passed I learned that the senior class possessed a great deal of ability. My judgment has been verified by the extensive, as well as the intensive manner in which the members have participated in the various activities of the school.

Your absence will be conspicuous in all the activities, be they athletic, forensic or scholastic. But there is one great lesson for every junior class to learn; that is to assume the responsibilities of the former senior class and "carry on". If each succeeding class will assume this responsibility our high school will never falter. This same truth is most important for graduates to remember, for they are to assume the world's responsibilities.

Four years is a short period of time if measured by the many happy social occassions, the splendid friendships formed, and most important, the ability to perform a finished piece of work, be it a Latin lesson or the most insignificant process in manual training. We often hear people remark that they would like to live their lives over, but that is all in vain. So let us give on every occassion the best we have. Give in thought, time and energy as we do on the football field. Then we need not have any worries, but we shall have happy memories instead when the following lines are quoted :

"The moving finger writes and having writ, moves on

Nor all your piety or wit can turn it back to cancel half a line."

As a class you can have but few goals in common henceforth. Each individual must choose for himself his goal and then drive with full speed ahead. The honor that this class bestows upon her Alma Mater is dependent not so much upon the type of goal chosen, as it does upon the degree of anxiety and perseverance with which each attempts to attain his ambition.

Then "work while you work and play while you play" and the best is certain to come to you.

H. E. MICHAEL, Superintendent.

LEVEN years ago we started on the path to knowledge. Miss Russel was our first teacher. Slowly we have struggled onward until at last we have reached the close of our junior year. Of the original number only about ten remain. Some have dropped behind, some have moved away. Other students have joined us. Today our class numbers forty-four. We have many things to be proud of as we look back over our scholastic days. We have our fine athletes, our wonderful scholars, our orators, debaters, musicians, pretty girls and handsome boys. All of these and more.

Next year, we will be seniors, wise seniors, dignified seniors. Ah! but that is not history. Yes, it would be bragging to say that we are the best class that C. F. H. S. has ever had.

Room 15, they found a new mistress beaming at them.

She counted her new charges and, finding exactly 38, carefully arranged them beside each other. That task done, she found relief in assigning several of her charges to different masters and mistresses. Some were sentenced to the endless trail of Cæsar. Some sought bookkeeping behind the prison bars of Room 14. Others wished to see if Napoleon were really great, and still others persisted in proving that circles are round.

There is no doubt whatsoever that these sophomores of 1927 are the best sophomores ever produced in C. F. H. S. In athletics they are the center of attraction; for in the next two years the future championships of C. F. H. S. depend upon them. In society they are the most popular ones about. They have the spirit and pep which makes a party or a rally a success. A few joined a club in which they try to see how much noise they can make straining their voices. Even others managed to play a tune now and then under the skillful guidance of their instructor. Other classmen needing help, turn toward Room 15 to find it.

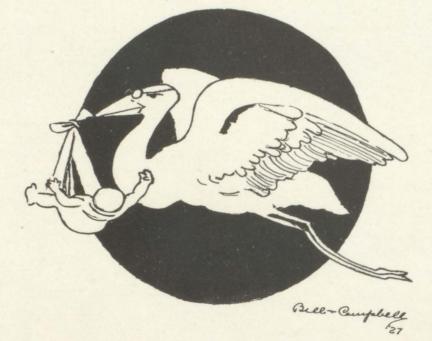

Thus, sophomores have always tried to please our faculty, classmates and other students, and will continue to do so during their high school life.

FRESHMAN

Zenith

J^N September of 1917 a group of children under the supervision of Miss Alice Russell, embarked on a journey to that famous city, Senior, situated at the farther side of Chagrin Falls High School.

We sailed from the First Grade an important seaport in the lower section of Chagrin Falls Elementary School on the steamship "Education".

During the next few years we visited the cities in the Elementary School a country with a population of 363. We took on more passengers, several of whom were instructors. Some also left our ship to go on a different course.

In 1920 we were deeply grieved by the sudden death of one of our most cheerful and efficient passengers.

We sailed on and in the fall of 1924, we reached Junior High. We visited the two important cities there and found them to be very interesting.

In September of 1926, we found ourselves at the largest city that we had so far visited. It was the city of Freshman, at the entrance to Chagrin Falls High School.

As our number had reached forty and we had several competent instructors on board we decided to stay until the fall of 1927, when we will sail on to Sophomore, another important city.

We have absorbed all the education afforded thus far on our journey and in the fall of 1929 we expect to reach our destination, graduation.

CAPTAIN JOHN HONEYWELL "Honey" Center

Zenith

"Johnny" held down his position as center in a very commendable manner as well as instilling a spirit of clean play and fight into his fellow players. He always seemed able to break through the line in order to block punts. "Honey" will be greatly missed in '27.

ALEX KESCO "Ikey" Quarterback

"Ikey" occupied the directive position this year. Although a very light man his excellent head-work in directing plays made up for his loss in weight. His gains also helped Chagrin's yardage considerably. With his unusual ability in the backfield Alex should greatly strengthen the 1927 gridders.

EARL DAVIS "Davey"

Halfback

Earl proved to be a very spectacular player and the most aggressive man in the backfield. Tearing through the line for considerable gains characterized him throughout the season. Davis was the high point winner of the squad, making the six-point play in both the Berea and Parma games.

Page Forty-seven

ELWYN VAN VALKENBURG "Al"

enith

Guard

"Al" the most reliable man on the team was stationed at either guard or tackle and filled both positions very efficiently. "Al" featured the Willoughby game with his thirty-five (35) yard drop-kick. He always proved able to "get through" and get his man without regard for the interference. "Van's" worthiness was felt by all.

CLAUDE BENNETT "Tom" Halfback

"Tom's" ability to hold secure the position of left half proved advantageous for the Chagrin team. "Benny" excelled in returning punts and in slipping through the line for much needed gains. He also played the "safety" position for Chagrin. Claude should make an excellent player next year.

GLENN LIPPERT "Lip" End

Although considered light for a position on the line "Lip" exhibited considerable ability in getting around the ends, particularly on punts and passes, as well as making some real "tackles". "Lip's" determination was apparent all season. Glenn's graduation leaves a considerable gap at right end.

Page Forty-eight

HARLAN ROBINSON "Hiney"

enth

Halfback

"Hiney" filled his position in a manner creditable to any player. "Hiney" could always be depended upon to smash the line for a gain when it was most needed; proof of this being Chagrin's victory over South Euclid. His remaining year should prove profitable for C. F. H. S.

LAWRENCE PAYNE "Payney"

End

"Payney" held up the left end of the line this year in a favorable manner. He proved to be a good defensive player. He showed well in the Garfield Heights and Dover games where he played a fine brand of football. Payne's absence will leave an extensive vacancy at left end.

CECIL HILL "Cec"

Guard-End

"Cec" rendered his service this season alternately through left end and guard. Although it was his first year out for football he readily adapted himself to the game and developed into an effective tackler. He expressed an attitude of clean play and fight in each game.

Page Forty-nine

LAWRENCE SMITH "Smithy"

Guard

"Smithy" developed into a fighting guard who held his own in every game he played despite the fact that it was his first year of football. With his weight and spirit he should be an outstanding player during the 1927 season.

ROBERT BRADLEY "Bob"

Tackle

"Pokey" was found playing the role opposite Patterson when the season opened this year. He played steadfastly throughout the year and his punting was a feature of the year as well as his line work, regardless of his "pokiness". The loss of "Bob" will be greatly felt next year.

WILLARD PATTERSON, Capt. Elect "Bill"

Tackle

"Bill's" chance came in the Willoughby game when he picked up a fumble and sprinted forty (40) yards for Chagrin's only touchdown of the game. He will help largely in forming the core around which next year's team will be built.

Page Fifty

VICTOR GILMORE "Vic"

Zenith

Halfback

"Vic" proved himself very adaptable in substituting for the halfback positions. Running back punts appeared to be his specialty in the games in which he played. Undoubtedly "Vic" will secure a permanent position on the team of 1927.

WILLIAM BREWSTER "Bill"

Manager

Under the capable managership of "Bill" the needs of the teams were efficiently provided for. Having once been on the squad he readily understood the requirements of a real manager and proceeded to put them into practice.

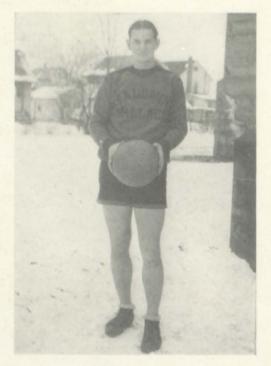

THEODORE GURNEY

Ass't Coach

Chagrin's line was much developed and benefitted this season under the able supervision of Coach Gurney. Having made his letter at tackle on the Baldwin Wallace team he understood the fine points of the game and imparted them to the Orange and Black linesmen with splendid results. Good luck for 1927.

CAPT. WILLARD PATTERSON "Bill"

Guard

"Bill" displayed a fine spirit of leadership throughout the season and played real basketball until the final second of play on every occasion. With his marked defensive work he should prove a valuable asset to the team of 1928.

EARL DAVIS "Davey"

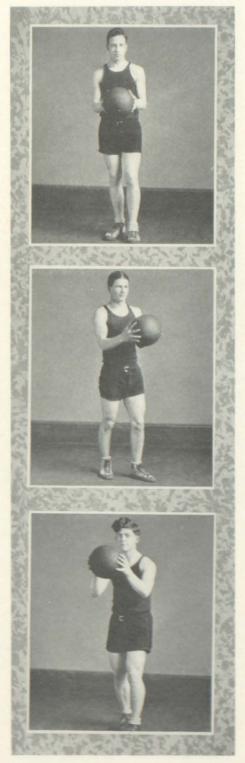

Forward

Playing his first season of varsity basketball Earl developed into a very efficient forward, his ability to penetrate the opposing defense being responsible for the scoring of numerous points. He worked well as a running mate for Hunt.

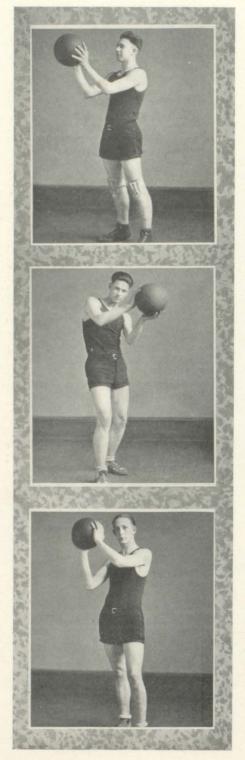

JOHN HONEYWELL "Johnny"

Guard

With a great deal of zest and determination "Honey" very creditably held down his defensive position as well as exhibiting some unusually long shots at a very opportune moment. "Johnny" will be missed considerably in the formation of the 1928 team.

Page Fifty-three

LAWRENCE PAYNE "Payney"

 $\mathbf{27}$

Zenith

Forward

"Payney" showed fine talent in each of his substitutions on the varsity and not only was he able to work the ball down but also he played in a fine defensive manner.

JAMES HUNT "Jim" Forward

"Jim" proved to be the most spectacular player on the team and connected for more points than any other man. Ability to work the ball into his opponents territory for short shots characterized him throughout the season. He will be largely utilized next year.

ROBERT BRADLEY "Bob" Center

"Bob" very capably filled the position of center and his ability to out-jump his opponent together with his work on defense greatly aided the Chagrin five. "Bob's" graduation will be severely felt by C. F. H. S.

Page Fifty-four

CLARK ROBINSON "Buck"

Conit

Guard

"Buck" a second team man, developed so rapidly during the season that he soon broke into the lineup. "Buck" is a good shot and plays a fine brand of defensive basketball. He will be a big asset next season.

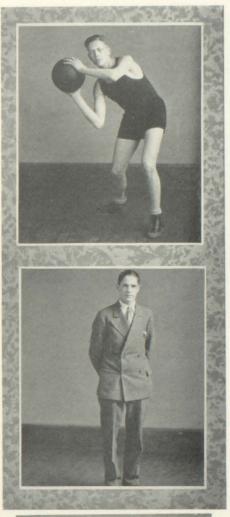

GLEN LIPPERT "Lip"

Glenn has served his second year as basketball manager and has faithfully fulfilled all his many tasks. He certainly has earned his seal.

HARLAN ROBINSON "Hiney"

Guard

"Hiney" started the season in a fine manner and gave promise of finishing the year in great form had it not been for injuries received in Football. With his exceptional ability he will assist largely in forming next year's team.

Class "A" Team

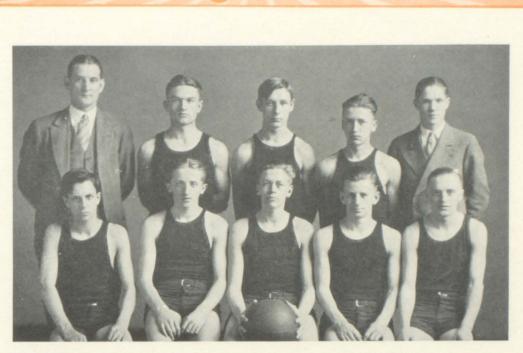

THE C. F. H. S. basketball quintet did not readily develop into a winning aggre-(1)

gation this season, although it was very ably directed by Coach Gurney. Even though the squad practised diligently throughout the season it could not form itself into anything other than a hard-fighting team. A fine brand of basketball prevailed in every game and the contests were de-cidedly more exciting than the scores suggest. Perhaps a lack of experience accounts for the unfortunate turn of affairs this season as this year marked each player's initial performance as a member of the varsity.

Best wishes are extended to the team of 1928.

U HE Class "B" basketball team of Chagrin High performed to a considerable degree of efficiency during the 1927 season although in reality it was as unsuccessful as the varsity. In consideration of the fine spirit displayed by the squad the season was not a failure. The second team squad should furnish some excellent material for the varsity of 1928.

Girls' Baskethall

The winter of '26-27 marked the fourth season of Girls Basketball in C. F. H. S. Of the forty-nine girls who came out for practice, only a few had previous experience. The girls were divided into two squads; the first consisted of the Varsity and their subs, the second was the second team and their subs.

After five short practices, the girls played Rocky River. Although Chagrin lost, their fighting spirit shown in this game was characteristic of all their future games. Miss Jenkins coached the team again this year, Mildred Isaac captained it, and Dorothy Reese was Business Manager. The student body supported the team very well.

Prospects for next year's team are very good. With the players from this year's squads who are left, and under the leadership of Mabel Clarkson, captain elect, the team of '28 is sure to be a success.

Track 1926

Lenith

U HE Annual Interclass Track Meet was again won by Class of '26 thereby proving its superiority, this having been its third consecutive win. Stern won the high-point honors being most successful in the 100 yard dash, time being 10 seconds, flat, broad jump and on the relay team. Hopkins was a close second having participated in the relay and having won the 440 yard dash. His time was 55 1-2 seconds.

The class of '27 took second place. Davis winning the hurdles in 55 seconds, and the class of '28 drew the small honors of the contest.

LAKEWOOD RELAYS

Chagrin opened its 1926 Track Season by its entrance into the Lakewood Relays. Due to the limited period of training only the relay team was entered. This team composed of D. Nelisse, Hopkins, Milner and Stern placed second in the mile and third in the half-mile events in Class B. This showing was exceedingly good considering the large schools with which it was forced to compete.

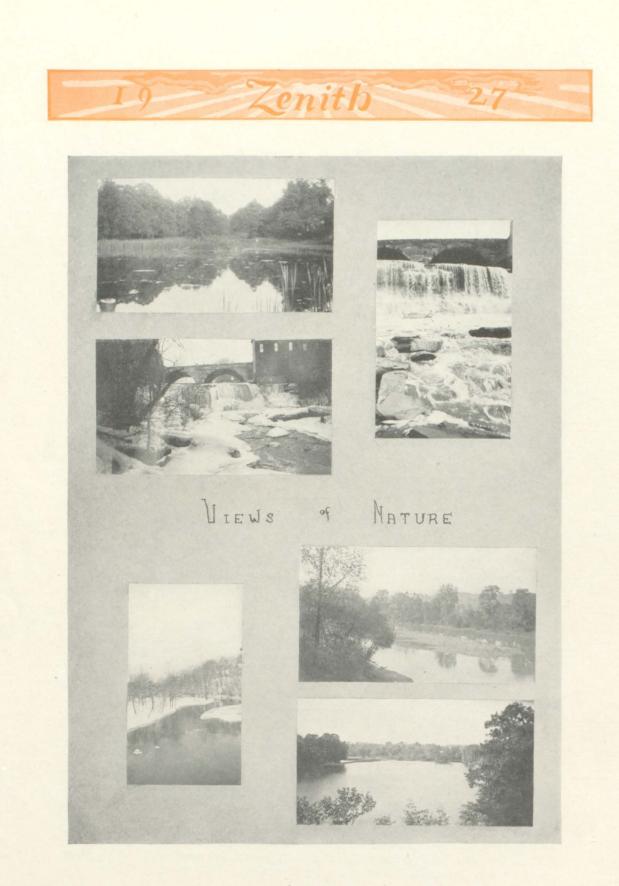

CUYAHOGA COUNTY MEET

C. F. H. S. entered the County track meet with a somewhat more developed team than had showed in the Lakewood Relays. As a result of its efforts Chagrin won third place in the meet. The relay team took the mile event; thereby revenging itself upon Berea's crack runners for its defeat at Lakewood. They also established a new record. Time 3:41.

Those who qualified for entrance into the state meet were D. Nelissee in the high hurdles; Hopkins in the 440 yard dash, with a record of 55 seconds; Stern in the broad jump, 19 feet, 6 inches, and the relay team.

STATE SCHOLASTIC MEET

The high-lights of Chagrin's track squad were entered in the State Scholastic Meet as representatives of Cuyahoga County in their respective events. In this meet the Class C Champonship was won by Cuyahoga County. Chagrin shared exceptionally well in the honors, winning sixteen (16) points more than any other school in the state. The relay team held its high standard by securing first place in the event; while Stern took second in the broad jump, D. Nelisse first in the high hurdles and Hopkins fourth in the 440 yard dash. This meet proved a very favorable climax to the track season of 1926 for C. F. H. S.

Boys' Glee Club

U HE Glee Club of 1926-27 was composed of twenty-eight members. Of this number twelve were Seniors, eleven were Juniors, two were Sophomores and three were of the first year class.

From the class of 1926 twelve seasoned veterans of the Boy's Glee were graduated and prospects were not so bright at the beginning of this year. However this organization soon developed into a chorus of real quality. They sang at the M. E. Church, the May Concert and also assisted in the presentation of "Lelawala", the Maid of Niagara, our Annual Operetta. The season was distinctly beneficial to the club members and to C. F. H. S. To the club of 1927-28 we extend our sincere wishes for a profitable year.

Girls' Glee Club

The Girls' Glee Club of 1926-27 was a decided success. Thirty-six girls under the excellent direction of Mrs. Fouts worked long and patiently to become a credit to their school.

During the year the club sang for the Minstrel Show, Christmas Chapel, Warrensville Tuberculosis Hospital, Operetta, May Concert and Commencement.

We feel that we have had a successful season due to the cooperation of the girls with Mrs. Fouts' help.

"Hugh, Hugh", no this is not a scalping party, just the Indians from the cast of "Lelawala" expressing satisfaction. This year Mrs. Fouts chose an Indian operetta for the glee clubs to present. Although all of the principals of last year's show, "Hulda of Holland" were gone, Mrs. Fouts found others to replace them. Kathryn Hook played the part of the Indian Princess to the satisfaction of all. John Honeywell left nothing to be desired as the "Heap Big Chief". Alex Kesco who did double duty as "Klolowar" and later as "Captain Bliss" surprised everyone with his excellent voice. "Shungela" played by Elwyn VanValkenburg, furnished many thrills, especially his "Death Song", which took the audience by storm. None could say that Clark Robinson did not make an excellent scout. The humor in the play was furnished by William Brewster and Glenn Lippert as "Lord Tatler" and "Sergeant Bilks" respectively along with the "Awkward Squad".

The plot deals with the superstitions of the Tribe. "Lelawala" is chosen to sail over Niagara Falls to save her people from war, as did a maiden once before to save her tribe. The day before, "Shungela", the son of a chief, comes to seek the hand of "Lelawala". When he learns that she is to be sacrificed to save her tribe he contrives to kidnap her. In the meantime a detachment of English soldiers arrive, headed by Major Wallace (Andrew Juras). The major's daughter (Hilda Henry) becomes the steadfast friend of "Lelawala" and she is kidnapped by "Shungela", who also kills "Klolowar" in the forest. "Eagle Eye" rescues the girls and a war party captures "Shungela" who is later released by "Wokomis". Then the medicine man tells the tribe that The Great Spirit has forgiven the tribe because their chief has forgiven his greatest enemy. "Lelawala" is then united with her lover, "Sowanas", much to the relief of "Lord Tatler".

Orchestra

The 1926-27 Orchestra under the leadership of Mrs. Fouts was developed into a group which showed excellent tone quality. Throughout the year it was handicapped by the lack of first violins, but with the imported assistance of Mr. Freeman, whenever the occasion deemed it necessary, even that handicap was overcome.

Graduation this June is taking only two players, but these two are the two veterans of the orchestra, and they will be greatly missed next year.

The orchestra furnished music at the Newbury Farmer's Institute, Junior Class Play, Senior Class Play, May Concert and the High School Operetta.

The School Band

Wo or three years ago an attempt was made to organize a school band but it was a failure. This fall Mr. Behner called about twenty musicians together and told them his plan of organizing a real band. This was eagerly agreed upon and soon Chagrin High had a band to be proud of. It played at a few football games and all the basketball games. Besides working up enthusiasm and pep at the games it gave the band boys good practise and a lot of fun. Rehearsals were held at 8 o'clock on Tuesday and Friday mornings. Ast September the good boat "Friendship" sailed into the port C. F. H.S. and fifty-eight girls boarded her for a trip abroad with the steadiest and most co-operative crew that ever shipped from these shores. Miss Hanna proved our sterling captain through all the storms and good times. Dot Rees was our infallible helmsman and guided our boat to all the interesting places we had longed to visit. Marie was our faithful pilot and keeper of the Light that burned throughout the cruise. In the log of the "friendship" you will read that we dropped in at a fashionable tea in Japan with our mothers soon after we landed at our first port of call. There they left us to join us later. We hastened over to Rush-ya for a few days and then proceeded to Serv-ya. We spent some time at the Louvre in Paris, a most interesting place. We attended a session of the League of Nations and enjoyed World Fellowship. We were in London in time to see the hobby races. Time flew too fast and soon it was May. But one of the most delightful of all our experiences was meeting our mothers again at the annual banquet where the "Friendship" log was read and the bond of comradeship tightened. Here the crew for the next voyage was welcomed into official service and the good ship put into harbor to be refitted and made even more sea-worthy for the coming year.

U^{HE} Chagrin Falls Hi-Y Club has this year mounted to the zenith of its existence in Chagrin Falls high school. Under the leadership of Mr. Bogaske and Mr. Counts the club has achieved much. The motto for membership has been; "Quality, not Quantity". Because of the high ideals which the club stands for, and because of the wonderful good one receives from being in the club, it is considered a great honor to be a member. Our Gospel Team, composed of Harold Jones, Donald Church, Elwyn Van Valkenburg, and Andrew Juras, thru some real work established a fine name for our club and for our school and town. The speakers themselves derived real benefit from their work and will ever remember their 1927 club.

We of the club still remember with the same appreciation and the same love, our former leader and our true friend, Rev. L. L. Wood to whom we owe the existence of our wonderful organization. We owe much also to the faculty, and to the Friendship Club for their cooperation with us in our work. May we, who this year leave our dear Alma Mater and our club, always live up to the ideals of the club thruout our lives.

Student Council

U^{HIS} group of quiet workers, striving always to strengthen the standards of C. F. H. S. school life has again come to the close of a successful year. The student council held it s meetings every two weeks and discussed and conferred with the faculty representative on the responsible things which was their burden. Because of the standards and the work of the club it is rightfully considered a high honor to be a member of this organization. The officers elected at the beginning of the year were: Andrew Juras, president; Donald Church, vice-president; and Dorothy Teckus, secretary-treasurer.

This organization is composed of ten members all with one thought in mind; to uplift the spirit of truth and unity between students and faculty.

Athletic Association Board

This plan was successful especially because it was found that this smaller group could meet more easily and more frequently than was the case of the entire association. Managers of the different teams were selected and these names were submitted to the Athletic Association for approval. The constitution was revised in a short time by this body without any of the customary confusion. The idea is good and the results have proved its success. We sincerely hope to see this plan continued in years to come.

The "Echo" Hage

The school page of the Exponent, while this is its third year of existence, had been assuming no name until this year.

It was thought advisable to give the page a name and "The Echo" was chosen because of its use before when the high school issued papers of their own publication.

Few people knew much about the Echo staff and how they worked to make the page a success until a discussion was raised for the sake of deciding whether the school should have a four page paper issued bi-monthly and discontinue the page in the town paper. After discussions held in staff meetings, a debate in chapel and the distribution of NHE ECHO

enith

questionaires it was decided that the wisest thing to do would be to continue the school page.

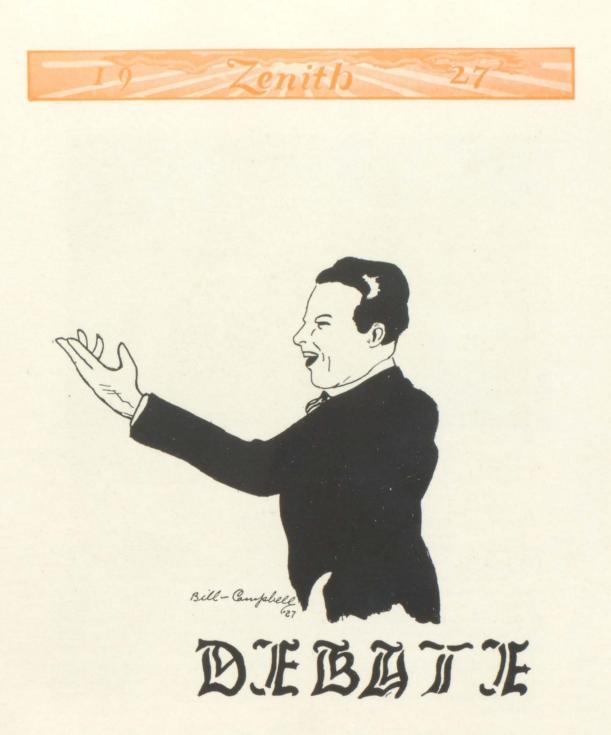

That the staff has worked hard and has succeeded is shown by the fact that each week they presented to the student body a full page of interesting topics.

The question of giving awards to the staff members who have done suitable work consistently during the second semester has been decided in the affirmative.

A great deal of credit is due our Editor-in-chief, Harold Jones, and our faculty advisor, Miss Weidmann, who have labored ceaselessly to make the page a success.

Debate Club

The first meeting of the year was called to order September 27, 1926, by Miss Weidmann The officers elected were Harold Jones, President; Iona Jenks, secretary; and Dorothy Rees, treasurer. The question for this year— "Resolved: That the Borough System of Government be adopted in Cuyahoga County"—was a difficult one on which to find helpful material. After a month of thorough study, try-outs were held and the two teams picked. All members of the teams were seniors, only two of whom having had former experience in debating.

At the beginning of the second semester the club was reorganized and new members taken in. The Tuesday morning meetings were continued and some very interesting debates were held. About the first of April the club disbanded for the year.

The club joins with the teams in sincerely thanking Miss Weidmann for her unceasing efforts throughout the entire season.

UHIS team journeyed to Berea on December 3, 1926. There, with about a half dozen rooters, they lost by a very narrow margin to their old rivals. By this defeat both C. F. H. S. teams were eliminated from further debating. However our third speaker was awarded a very high first place by the judge. I. M. J. '27

RATORY is one of the extra-curricular activities of our high school in which there has been a growing interest. Although oratory is open to all, the participation in contests is a purely individual matter and it therefore reflects all the more credit on those who are willing to try out their talents in this forensic art. It is an experience which develops and is of vital value in public life.

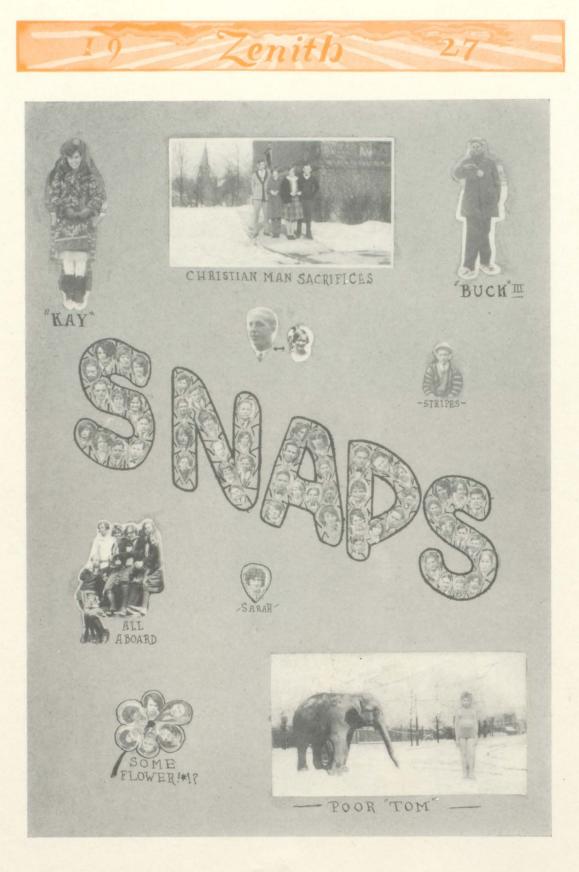

The home contest took place March 4. The following students gave orations: Helen Kovisto, sophomore; Paul Zeigler, junior; Glenn Tuttle, William Brewster, Mildred Langstaff, and Andrew Juras, seniors. The first and second places were awarded to Andrew Juras and Mildred Langstaff, respectively.

The plan of the county oratorical contest was reorganized this year to provide for a semi-final contest in the two sections of the county—at which the eight schools lowest in score would be eliminated from the final contest. Also the one judge plan was initiated.

Andrew Juras represented C. F. H. S. so commendably at the semi-finals held at Orange, March 11, that C. F. H. S. was one of the six schools to take part in the finals held at Brooklyn Heights, March 18.

CLASSMATE PAYS TRIBUTE

CLARENCE OLIVER LUDLOW

Nor since 1921 has death stalked into the ranks of the class of '24. This year, it has returned, and taken from us the man who was vice-president of his class; so we pause to pay our tribute to a class mate.

Clarence Oliver Ludlow entered the Chagrin Falls schools in the fourth grade and continued here until graduation, choosing to spend his Senior year at C. F. H. S. rather than at a Cleveland school, although his parents were then living in Cleveland. I had the good fortune to be intimately acquainted with him thruout this period, and there are so many good things that could be said of Clarence, that I feel inadequate to express them all.

The 1924 Annual carries opposite Clarence's picture this characterization "Clarence is our scientist. He is the clear-cut type who holds the respect of all. He seldom says much, but is always on hand when needed." That is as true a picture as could be presented. Clarence was possessed of a fine, keen mind which was noteworthy for its introspection. He was a quiet boy in a crowd, but he thoroughly enjoyed solving problems of all kinds, and he was especially interested in scientific phenomena, to which he devoted much study. Then, Clarence was one of the most ambitious persons I have ever known. He was indefatigable, and he enjoyed work.

Then again, Clarence was a nature loving boy. While caring little for parties and idle show, he was at home with nature. Trapping, hunting, swimming were his pursuits, and he was proficient in them all. He was well-versed in wood-craft and camp-craft, and one always felt assured that everything was all right when Clarence was present. He was not aggressive, but when the critical moment came he could be depended upon.

Here was a man C. F. H. S. can well be proud to have nurtured and it will not be deprived of the opportunity to point out another successful graduate. I can say little of what I feel. One had to really know Clarence to appreciate his finer qualities. I know that those of us who knew him best feel that a void has been created in his passing that will not easily be filled. In the days and years to come I know that we will mourn the loss of a noble friend in the silent sanctuaries of our own souls.

Chagrin Falls - - - Falls

ERE you find the falls that fall over the great falls of Chagrin Falls. Not only do the falls fall but the people fall, prices fall. We have fall, winter, spring, and summer, they fall four different times of the year. The fall brings the fall bonnets and fall coats. It was the falls that created Chagrin Falls, they are found just below the bridge that falls in spots. The water that falls over these falls, falls about thirty feet. Some fall for the falls. In the fall these falls are the most beautiful falls that ever will fall. Rain falls, snow falls, and now electric light bills fall at Chagrin Falls. Come and see Chagrin Falls fall, the greatest falls outside of Niagara Falls.

So Be It

J T was one of those evenings that are becoming practically extinct in the average American home—for the simple reason that the house was not entirely deserted at the hour of eight. The fact is, I had no wild desire to go anywhere, and—I had my lessons finished for the next day. Forthwith, the only excitement that offered itself was the radio.

I tuned in on the nearest station (merely because it was the easiest one to get) and prepared to hear a snappy dance orchestra. Suddenly, a flood of melody poured into the quiet room. A violin, played by a master. Deep, full, sonorous notes. The theme was simple, three notes, played over and over again, reminding one of the hermit thrush. It was first played in the lower register, then, rising in volume and tone, it swelled to a glorious song of triumph. The golden notes ceased for a moment, then began again softly as a breath, this time weaving intricate patterns of sound around the theme. Suddenly—CRASH—BANG— and a harsh voice said "The Foxy Five will now play the latest song hit—"

I went to bed.

Marie S.—Are you ever alarmed about your studies? Iona J.—Yes, every morning at six o'clock.

If William went out riding in his Star, ran out of gas, and was forced to push the machine back to town, could you say that the Star was moving by Will power?

P. G.—You look like two cents.C. R.—Well, I don't see any dollar signs on you either.

W^E recommend to the CLASS OF 1927 the following sentiment expressed by the Dearborn Independent:

"The world is held together by the mass of honest folk who do their daily task, tend their own spot in the world, and have faith that Right will come to its own at last. They believe that right motives are the key to right methods and hence to right conditions. All righteous-minded men desire to indicate this faith. If it should be lost to any considerable group of our people, the loss would exceed that of all the material wealth we shall ever possess.

JUDGE DAVID C. MECK, DEAN

Gay young widow: So you like my new dress. Don't you feel honored that I have worn three different dresses to please you this week?

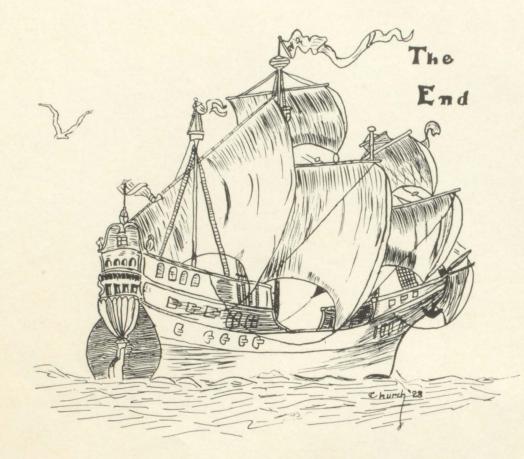

Cynical young bachelor: Indeed I do. But it seems to me that though your fashions change your designs are the same.—*Ollapod*.

Bootlegger, whose partners are busy unloading a truck-load of liquor in a dark alley: We're lost! Two men are watching us over there.

Another bootlegger, relievedly, after anxiously peering into the shadows for a time: That's all right. They're only policemen.—*Carolina Buccaneer*.
