The new Varsity Girls' Tennis team adds yet another fall sport to Chagrin's sports list. sport to Chagrin's sports list. Currently, Chagrin hosts four Varsity mens' sports teams and three Varsity womens' teams. Both the high school and the Chagrin Falls community would be proud that Chagrin, a relatively small AA school has anough student school, has enough student and teacher participation to produce seven different varsity athletic teams during the fall sports season.

The girls' Tennis team played well in their opening season boosting a 12-1 record. The girls dropped only one match to Beaumont (2-3). Mrs. Carolyn Hanson, Mrs. Nancy Gottchalk, and Mrs. Patty Mills shared the coaching duties. With three coaches, practices ran smoothly for the large twenty-two member squad.

The large squad created a sufficient amount of competition during practice. Senior Anne Behler, 1st singles, led the team with a flawless 12-0 dual meet record. Carolee Euritt and Jody Hobbs followed with 11 wins and 10 wins, respectively. Sue Wise, the only freshman to play Varsity regularly, also won 11 out of 12 matches. Junior Debbie Hyde boasted Chagrin's only other undefeated dual meet record winning eight matches.

seniors and the juniors have won three games apiece. Varsity Soccer Ranks Statewide

The Varsity Soccer Team Shaker, 2-1 in overtime; Gilranked 4th in state, suffered mour, 1-0; University School, its first loss to the defending 1-0; Eastlake North, 1-0 in state champion and No. 1 overtime; Cleveland Hgts., ranked team in Ohio, the 2-0; and Garfield Hgts., 1-0. Brecksville Bees, by a score of Chagrin's only tie came from a 2-0. This brought Chagrin's 4-4 game with Solon.

Debbie played both singles and doubles. Seniors Roberta Lybarger, Martha Beattle and sophomore Tracy Burton. each finished the season with only one defeat. Pam Gaderick, Jen Ogden, Sali McSherry, Cindy Wyville, Mary Kelley, and Liz Ellefson also participated for Chagrin in Varsity play.

The Tigerettes participated in two important tournaments - the Chagrin Falls Invitational and the sectional tourna-ment. The girls won the Chagrin Invitational led by Anne Behler's first place finish. Jody Hobbs and Carolee Euritt teamed up to win 1st doubles. Martha Beattie won the 3rd singles consolation match and Jody Hobbs and Carol Copeland joined to take 1st place in the 1st doubles competition.

The team had no 1st place finishers in the sectional tournament, but many girls played well. Anne Behler defeated three opponents then fell to the no. 2 ranked girl in the North Eastern Ohio Tennis Association, in the finals. The girls' only loss was to Chagrin's Kelly Mahoney in a first round match. Roberta Lybar-ger and Tracy Burton played together in the 2nd doubles division winning two mat-

The team will lose some fine players this year, but with more participation and hard work the girls may finish higher in next year's sectional. The Lantern Sports congratulates all the girls on this year's tennis team for a fine season and good luck next fall.

Sophomore Kelly Mahoney smashes a forehand to an opponent in a recent

Teachers Plan Foreign Travel

by Melissa Field

Here is your chance for an eventful Easter Vacation. Consider any of four exciting trips abroad with Mrs. Rogers, Mrs. Hanson, Ms. Jenkins, or Mr.

Mrs. Hannelore Rogers has many choices to consider for her trip: The Alps area, Italy, Switzerland, Austria, Germany and Liechtenstein, or West Germany, East Germany and Czechoslovakia. She has yet to finalize her decision. The cost, which includes everything, will be \$770 plus personal spending money. Mrs. Rogers feels "that most students are curious to see where the language they studied is spoken, to meet the people of the country and to use their German." Mr. Mario Gerhardt, who has visited Germany in previous years, is not going this year. Mrs. Rogers, therefore, decided to take interested students. She will be taking any German students, with a limit of 10, for her first trip from Chagrin

Lantern Dances To Crackerjack

by Sharon Castle

Lantern is sponsoring a dance in the school gymnasium next Saturday night. November 13 from 8-12 p.m.

The Dance will be a new concept for Chagrin Falls High School. The band, Crackerjack, will present a live stage show featuring special lighting techniques and smoke screens. They play selections from Aerosmith, Led Zepplin, Bad Company and other popular groups.

Admission price is \$1.75 at the door.

Mrs. Carolyn Hanson will be visiting Spain, Madrid, Toledo, Seville, Granada, Malaga and the coastal area. The cost is \$640 excluding pocket money. There is a limit of 15 Spanish students, who must be at least a sophomore. Mrs. Hanson feels "that the trip is worthwhile, because students will have to use their Spanish language." She will be going with a very reputable company, The American Institute of Foreign Study. They have organized many successful

trips.
"Show Tour of England,"
chaperoned by Ms. Frances
Jenkins, includes London,
Stratford, Cambridge, Oxford, Stonehenge, and Bath. During the trip, students will see four or five plays and many historical sites. The total cost is \$640, not including spending your money and there is no language barrier, so students can get to know the country and its people." Ms. Jenkins wants to show students that the world is bigger than Cha-grin Falls and lifestyles of people are different. This is the first trip of its kind from Chagrin Falls High School.

Mr. Stephen Pepper will visit France, Italy, and Switzerland on his trip. He is taking any French students with a limit of 12. It will cost \$690 plus pocket money. Mr. Pepper says, "a student will have the most exciting vacation of their life along with a dinner. The dinner committee chance to use their French and to enjoy the customs of

the country."

None of these trips are school sponsored. The individual teachers have decided to take students, on their own time, to visit a foreign country. For more information on any of the trips mentioned, please contact the appropriate

set on the including spending money. Ms. Jenkins will take any students with a limit of 8. According to Ms. Jenkins, "You will get a lot of travel for you will get a lot of travel for manage and there is no **Annual Potluck**

The Student Council and faculty held their annual Student Council-Faculty Dinner High School sophomore, Peter Garrett.

The evening began with a game of Search. Players received a clue and had to find another player with a corresponding clue. When the game was finished, everyone ate consisted of lan Gauld and Linda Giltz.

After the potluck dinner, the students and faculty divided into six small groups. Each group contained a Student Council group leader.

A game called Boundary Breaker acquainted teachers and students. The group leader read a sentence such as, "The thing I remember most in

by Pat Freer my childhood is . . ." Members of the group finished the Council and sentence with their own personal experiences.

After the game, the groups discussed Student Council's Wednesday, October 20, at discussed Student Council's the home of Chagrin Falls past and future plans. The discussion centered on the monthly micro-course in December. The evening ended with a humorous trick by lan Gauld.

This year's dinner had a good turnout and was very successful. Student Council is looking forward to a very good year.

Angel Loses Halo

Angel-Helluva Band [Casablanca]

Angel may be a "helluva band", but this sure isn't a helluva record! Their first album, titled simply "Angel" was a perfect debut album. It showed how the band was capable of playing many different forms of rock music. On this album, however, they have chosen one form of rock music, and shown that they are capable of running it into the ground.

Angel's keyboardist apparently knows every synthesizer trick in the book, and manages to garbage up an entire rock and roll album with his squiggly little contributions. Guitarist Punky Meadows, who was almost brilliant on the first album, now is

by Tom Watterson muffled into the background, distorted beyond recognition. The others (drummer, bassist, vocalist) are all up to par, but do nothing exceptional.

The song "Chicken Soup" is

by far the best cut on the album, with "Pressure Point" following closely. In fact the entire second side is pretty good.

But the first side "Feelin" Right" just about makes you want to throw the record in front of a truck, and "Dr. Ice" is so fuzzed-out, you can't understand a word Dimino is singing, nor can you distinguish the guitar from the drums. (Now, that's distorted!

Anyway, if you don't have the first Angel album, buy it, and if you really like it, pick this up. But if you don't like the first, leave this one for the suckers like me to buy.

and has dark brown hair. He plays JV football, basketball, and pole vaults.

Last issue's baby pictures were Shelley Wells and Jim Lynch.

Monster Destroys School

As our story opens today, Lantern editor, Darol Candles, sits quietly, twiddling her thumbs in her office. "This day is terribly dull," Darol thinks, "but that's good, 'cause the whole staff is at a journalism convention in Wapakoneta, except myself. If anything happened today, we wouldn't be able to cover it. I have to watch the office."

'Ol Darol should have knocked wood, because, at that moment, Darol's good friend, chemistry student, and all-around good-guy, Mreg Geek, races in. "Darol, Darol"!

"Oh, no, I should have knocked wood," says Darol. "What do you want, Mreg?"

"I'm gonna need help. I was in the chemistry room taking a test that our teacher, Mr. Mallet, gave us, while another teacher, Mr. Heckle, worked on an experiment in the lab. Well, the next thing you know, he interrupted our test to announce that he had invented a formula that would change his appearance. 'Well any change must be for the better,' we laughed. He didn't like that, muttered, 'I'll show you,' and drank it. Then he--'

"Will you get on with it? What happened to him, and what does this have to do with me?" demands an impatient Darol.

"Well, to make a long story short, Mr. Heckle has changed into a Monster. All of a sudden he turned ugly, and ran rampant, bending test tubes. Mr. Wheatbread had him locked in the science office, but he broke out, and is terrorizing the school. I'm afraid he'll head toward the Lantern office and destroy it,

> **BARRON'S** DRUG, INC.

> > Chagrin Shopping Plaza

> > > Phone 247-5353

then, we'll be in trouble. What can we do?"

"I don't know. I have to go to my locker for a pencil and paper. I mean, somebody has to cover the story. Watch the office. If the monster tries to break in, you know what to

"You mean --"

"That's right," says Darol, and rushes out.

After a minute, Mreg thinks to himself, "I wonder what it was I was supposed to do?"

"This is a tough case," thinks Darol, "and only one Seedy Smith can solve."

Jumping into her locker, Darol crosses her hands and utters that infamous word, 'SWAINOY.

Mr. Wheatbread sits on the floor of the Chemistry room, a tired and defeated man, as Seedy appears.

"Hello, Mr. Wheatbread, I understand you're having a problem with Mr. Heckle."
"Boy, do I have a problem."

"I know a way of solving it too. We must find an antidote to Mr. Heckle's formula."

"Easily said, Seedy, but that may take days."

"Not with myself here. Remember, I am a super-genius.

I will help, but we must hurry before the monster destroys the whole school."

And so off to work the two go. Within a matter of minutes, Seedy figures out exactly the "So-called" formula. "Why, it's the iced-tea from

the school cafeteria.' "But how do we neutralize iced-tea, Seedy?"

"I'm not sure. Boy, this is tougher than I thought it would be.'

"I told you." "I got it, Why don't we force Mr. Heckle to eat one of the cafeteria's meals?"

"Are you kidding, Seedy? Nobody eats those meals. All that grease, Yechh!"

"That's just it; the grease may neutralize the effects of the tea. It's worth a try.

And so Seedy Smith and Meal Wheatbread set off on their dangerous mission. Seedy flew off, found the monster, wrestled him to the ground, and tied him up. Mr. Wheatbread followed behind with a tray of Salisbury Steak dinner.

The monster roared.

"You must eat it, or you'll never get back to normal," savs Seedy.

The monster only shook with rage.

"It's no use. We'll never get him to eat," says Mr. Wheatbread.

"Well, this is for your own good," says Seedy, and grabs the monster's mouth, forcing it open. Then, in a swift move. Seedy forks up the Salisbury steak, and, jams it into the monster's mouth, and forces him to swallow it.

Within the hour, Mr. Heckle is back to normal.

"How can I thank you Seedy," he and Mr. Wheatbread ask.

"Just stay away from the iced-tea for a while.'

Later, Seedy, changed back to mild-mannered Darol Candles, walks back to the Lantern office.

"O.K., Mreg, you can go back to finish your test."

"Oh, hi, Darol, did you get the story?

"OH, NO! I knew there was something I forgot!"

Oh, well, nobody's perfect!!

In the Spotlight

November 4, 1976

by Cindy Callaway

"France is a much freer country than the U.S.," expressed 17-year-old Christine Derouineau of Le Mans,

Christine is attending CFHS and is living with her aunt and uncle in Moreland Hills. She has graduated from high school in France and came here to learn English better. She will return home in August and study to become an English teachér.

"There are many differences in the high schools here from France," stated Christine. The school she attended had approximately 2000 students. School began at 8:00 and ended at 6:00 with a two hour lunch break at noon. Everyone must take at least one language, either English or German. "You can't leave class during the lesson, like you can here," she added. CFHS has much more freedom, but

the classes are hard for her to understand.

Christine likes American. food. She also enjoys tennis, skiing, reading, and listening to rock music. She particularly likes the Beatles. Most rock music they listen to is either French or English. American singers are not well known.

On weekends most young people visit discoteques for entertainment. France has no drinking age and the drug problem in the U.S. is practically non-existent.

The driving age is 18 and the lessons are very expensive. They cost about \$200.00. Christine hopes to learn to drive while she is here. Many teenagers under 18 own motorcycles (both boys and girls) which they don't need a license to drive. Though motorcycles are relatively safe, Christine did break her leg last year riding her motorcycle to school.

"France's opinion of the U.S. is not correct. I believed that the U.S. has more freedom than it actually does. I have found the people of an older age to be more friendly," says Christine.

AFS Plans Formal

by Helen Wu

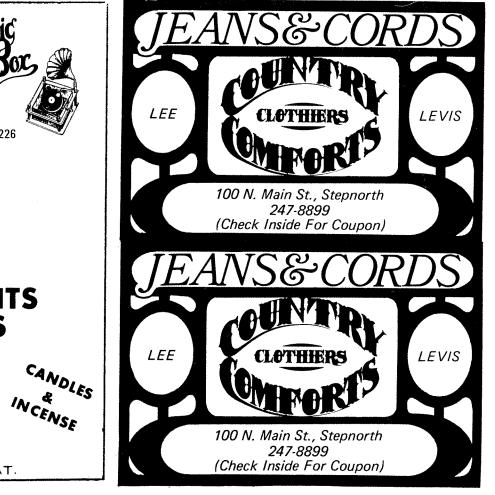

AFS held a potluck dinner/ business meeting on Thursday, October 21, at the house of Liz Hartshorn, Vice-President of AFS. The highlight of the evening was lan Gauld's interesting slide presentation of his summer trip to Brazil. Some of the highlights of his presentation included some beautiful slides of Rio de Janeiro and Pelotas, the small town in which lan lived. He presented a humorous account of the adventures of a group of fellow AFS'ers who were determined to sample the delights of Rio de Jan-

eiro's night life, and had an inane discussion of the "Christ of the Andes" statue. This was the second meet-

ing of the year. The first was held last September 29, at which time committees were formed to plan the Christmas Formal. They have been working on it ever since, and reported their progress this month, said AFS President, Sue Rose.

The next meeting will be November 18. It will be an international potluck dinner, and the AFS chapters from Orange and Beachwood are

invited.
