Cleveland Sights Floating Pig

by J. B. Raftus

Relentless. That is absolutely the only word to describe it. In the first five months of 1977, Cleveland took the biggest dose of the big name rock n' roll it had ever had and the summer proved to be no different. The return of the World Series of rock after a one year lapse seemed to be the biggest shot in the arm. The Stadium rocked from June through August to hold up its end of Cleveland's rock addiction. Blossom Music Center provided an unusually fine line-up of "mellow" sup-erstars and the Colisium pick-

ed up everything inbetween.
The 1976 version of the
World Series of Rock was cancelled due to the damage that the fans did to the field in 1975. This year the field was covered with plywood and car-

New Thoughts For Old Ways

by Linda Fisher

This fall seems the same as any other at Chagrin, but if you look closely, you will find a few changes.

New faces in the office include two secretaries. Mrs. Joan Hartman works for Mr. Richmond, and Mrs. Lois Seidel is the new financial secretary. Mrs. Schoeppner has taken a few steps up to the guidance office.

Don't plan in signing in regularly. Parents will be contacted after two to three

The library will be run under a new concept this year. Mr. Papes wishes to "maintain a quiet and scholarly atmosphere." In other words, no talking, eating, jungle calls or any other mischief in the library. The reserve room is now the conference room. It should be used for "library related activities," according to Mr. Papes. The reserve shelf will be behind the desk. Periodicals must now be signed out each time they are to be used. The new boldly printed signs will help any freshman wandering aimlessly through the library.

pet along with about 65,000 people for the World Series of Rock, Game One, which was a good warm-up for games Two and Three which were real blockbusters. Game One consisted of Southside Johnny and the Asbury Jukes (who were filling in for Aerosmith who cancelled), Nazenth, Ted Nudgent and Todd Rundgren. Although these four bands seemed a little misplaced playing together, they provided a fine afternoon of music.

Game Two featured the dazzling sights and sounds of Pink Floyd. The 83,000 peo-ple attending set an international record for most tickets sold for a single act and those fans got their money's worth. Floyd thrilled the crowd with paper sheep para-chuting down through the sky, a fifty foot helium filled balloon of a pink pig, an incredible stage and light show, and a breathtaking fireworks display which would put the fourth of July to shame. The odd thing about it is that this ten year old group from England needed no gimmicks, the four member band is a group of extremely talented musi-cians. Pink Floyd's performance was no less than stunning.

The third and final Game of the World Series closed out the summer session in fine fashion. Rick Derringer, J. Geils, Bob Seger and the Silver Bullet Band and headliner Peter Frampton put on a rock

and roll show that will not soon be forgotten by any of those who attended.

Blossom Music Center hit the jackpot this year when it came to special attractions. Hall and Oates started the summer off by playing to a sold out crowd. Dan Fogelberg, James Taylor, Jackson-Browne, Gordon Lightfoot, Linda Ronstadt and Boz Scaggs all provided the Blossom audiences with moving performances. America and Seals and Crofts both returned for the third consecutive year and put on good shows áłthough we've seen better from both groups. The Steve Miller band and the Doobie Brothers laid down the real rock and roll for Blossom this year and both acts turned out to be better than ever.

The Colisium stage was lit up this summer by the sounds of Bad Co. Yes, and the long awaited return of Emerson Lake and Palmer. All turned in fine performances with the exception of Bad Co. who lacked their usual punch.

I guess saying it was a good summer for concert goers is an understatement, but at any rate, let's hope that Cleveland can keep up this incredible pace.

Creativity raves

by Helen Wu

Chagrin Falls High School literary magazine, the Prism, is once again collecting literature, art work and student staff members for the magazine to be published in May of 1978.

Prism collects student art and literary work during the year. Literary submissions in the past have included poems, short stories, songs and oneliners. Art work may include any two dimensional object as

drawings, paintings or photo-

Literature is collected from the Prism box on the second floor between the elevator and guidance office. Submissions may also be given to the Prism editors. Art submissions may be given to art teachers or to the art editor.

All pieces are judged anonymously. Prism needs name and grade level on all works, even if printed without men-tion of author. Names are

needed for the return and editing of articles.

Any student wishing to join the Prism staff, sign up sheet will be posted in the school or contact any of the editors. Meetings for the literary staff are held evenings weekly. The art board holds monthly meetings, times to be designated.

The 1978 Prism staff is Karen Swift, art editor; Julie Webster and Pat Freer, literary editors; and Helen Wu, main

editor.

by Inoe Alle

Well folks, here we are. Another year has begun, (for those of you who haven't noticed) like it or not--Most of us do not! Vacation seems to be getting shorter every year. Has everyone heard the

news? It seems Chase Bag has failed the "Decorating Committee" for good--They've torn down the water tower. Now what are the seniors going to paint? (C'mon, folks, lets have some suggestions.) Speaking of painted objects, does anyone know how "SHAKER" got on the railroad

bridge down on South Main? Or, what's worse how "KEN-STON class of '79" got on the flip side? Maybe some of the more patriotic Chagrinites should do a little redecora-

And how about that Sidewalk Sale? The tourists are be-

outnumber natives. Maybe some of us should start a concession booth on the Triangle, featur-ing snapshots of authentic natives and water that has actually gone over the falls.

Let's not forget to welcome back our fearless editor, Fraulein Castle (See, we can do it without you. It wasn't easy, but we did it).

Now this week's words of advice to the newest additions to this great institution of learning--in other words Freshmen. 1) Do not oppose upperclassmen--ever. They tend to become hostile. 2) Dó not attempt any Middle school pranks (ex: Throwing food, cutting class etc. . .). These are privileges reserved for seniors only. 3) Do not venture down seemingly deserted halls alone. Guess why? 4) Good luck, you may need it. Next issue: More "Advice to Frosh"
